## PROSPECTUS & PROPOSAL FORM FOR THE LOSS OF PROFITS FOLLOWING FIRE (BUSINESS INTERRUPTION).

A normal Fire Policy provides protection against Material Damage to property such as Buildings, Plant and Stock. A loss by Fire cannot be measured solely in terms of Material Damage. It takes time to erect new buildings and/or Plant or Machinery immediately after a loss. It may take months or even years to replace/repair the damaged items and return to Pre-Fire production and turnover levels and earn expected profits.

Moreover, in order to meet orders goods may have to be produced elsewhere at a much higher cost.

The reduced production/turnover levels and/or higher production costs to maintain turnover will result in reduced profits for the business enterprise.

During the period of interruption when there may be no profits or reduced profits certain fixed items of expenditure like Rent, Interest continue to be incurred. The purpose of any business activity is to earn profits and a loss by Fire could well involve substantial if not disastrous LOSS OF PROFITS.

Such a loss is not covered by a Fire Policy

### THE LOSS OF PROFITS Policy covers:

1. Loss of Gross Profits due to the partial or total stoppage of business as a consequence of Fire, Lightning, or the Explosion of Gas used or domestic purposes.
2. Increase in cost of Working Expenses necessarily incurred to overcome or to minimize the effects of the Fire, such as Rental of Temporary Premises, Hire of Machinery, extra Labor Costs, etc.
3. Wages of Employees retained for whole or part of the Period of Interruption and Wages in Lieu of Notice to Employees who are not required.
4. Continuing Overhead Expenses which have to be met out of reduced earnings during the Period of Interruption.

#### Some of these overhead expenses which could be payable during the Interruption Period are: -

- |   |  |
|---|--|
| • Rent  | • Legal Expenses.                              |
| • Rates   | • Travelling Expenses.                         |
| • Taxes (excluding taxation chargeable on profit)                       | • Motor Car Expenses.                          |
| • Interest on Debentures, Mortgages, Loans & Bank Overdrafts.           | • Insurance Premium.                           |
| • Salaries to Permanent Employees & Wages payable to Skilled Employees. | • Advertising Expenses.                        |
| • Companies contribution to the provident Fund                          | • Printing and Stationery Expenses             |
| • Contribution to the Gratuity Fund                                     | • Electricity and Water Charges                |
| • Labour Welfare Charges  | • Maintenance of Building, Plant and Machinery |
| • Directors fees  | • Depreciation of Buildings and Plant          |
|   | • Auditors fees.                               |

The continuing Overhead Expenses and the Net Profit constitute the Gross Profit which forms THE BASIC SUM INSURED.

Provided that the Fire Policy is similarly extended, the loss of profits policy can be extended to include loss resulting from the following additional perils on payment of an extra premium charge: -

- Explosion other than damage to Boilers, Economizers, or other Machinery Apparatus in which pressure is used.
- Earthquake (Fire & Shock).
- Riot and Strike Damage (and Malicious Damage connected therewith).
- Bush Fire.
- Special Perils (A to H).

## INDEMNITY PERIOD

The rate of premium varies with the Indemnity Period, that is with the period after any Fire during which compensation is desired, e.g. Twelve, Eighteen or Twenty-Four Months

The Indemnity Period is the maximum period following the damage during which compensation will be payable.

When estimating the Indemnity Period required the proposer should take into account the length of time likely to elapse before the earnings of the business are restored to their normal levels.

## SUM INSURED

The sum insured on Gross Profits is based on the amount of Turnover less the sum of those working expenses which vary proportionately with the turnover and should be calculated from the accounts of the business for the last financial year.

The following points must be kept in mind:

1. Adjustment must be made to take into account the trend of the business bearing in mind the figure that would apply at the end of the Indemnity Period
2. The sum insured should be reviewed at regular intervals to keep it in line with current and projected levels of earnings

The method of calculating the loss recoverable under the policy is quite simple and is based primarily upon a comparison between the turnover achieved following the damage and that in the corresponding period of the preceding year, provision being made or appropriate adjustments to allow for the current trend of the business.

### Note 1.

**This cover is not available unless there is a Fire Material Damage policy in force covering the insureds interest in the property at the premises for which this proposal is being made.**

### Note 2.

**No claims will be payable under the Loss of Profits policy unless there is in force at the time of the loss of Material Damage Policy covering the Insured interest in the property and payment shall have been made or liability admitted under such Insurance.**

### Note 3

**The Buildings, Plant & Machinery under the Fire Materials Damage Policy must be insured on a Replacement value basis.**

**THIS PAGE IS TO ASSIST IN COMPLETING THE PROPOSAL FORM**

Calculation of the Sum Insured

Extract from the accounts of the business for the last financial year

<b>Item 1</b>	<b>Gross Profit</b>	<b>Kshs</b>
	Turnover for the last financial year.	Kshs.
	<b>Add:</b> Closing stock at end of the year	Kshs.
	<b>Sub Total</b>	Kshs.
	<b>Deduct:</b> Opening stock at beginning of year	Kshs.
	<b>Sub Total</b>	Kshs.
	<b>Deduct:</b> Uninsured working expenses which vary directly with turnover	Kshs.
	i) Purchases (less discounts received)	Kshs.
	ii) Discounts allowed	Kshs.
	iii) Wages (if insured under item 2	Kshs.
	iv)	Kshs.
	v)	Kshs.
	vi)	Kshs.
	<b>Total</b>	Kshs.
	<b>Total. (Annual Gross Profit for the last financial year)</b>	Kshs.
	<b>Add</b> Allowance for future trend of business	Kshs.
	<b>Total Sum Insured under Item 1</b>	Kshs.
	<b>Item 2</b>	<b>Wages</b>
Total Annual Wages roll for last financial year		Kshs.
<b>Add:</b> Allowance for future increase		Kshs.
<b>Total sum insured under Item 2</b>		<b>Kshs.</b>

- Where an Indemnity Period in excess of Twelve months is required the respective sums insured under item 1 and 2 should represent the estimated gross profit and wages for the full period of indemnity.
- The intention of the policy is to pay for loss of Gross profit which would have been earned or wages which would have been paid during the period of interruption following the damage.
- The sum insured should therefore be fixed at a figure higher enough to allow for any possible upward trend of the business.

- An auditor's certificate should be submitted annually to the Company and should this disclose that there has been over-insurance a return of premium will be made to the insured under each item of the insurance up to a maximum return of 50% of the actual premium paid during the relative period of insurance.
- If any damage shall have occurred giving rise to a claim under this policy, such return shall be made in respect to only so much of the said difference as is not due to such damage.
- It is therefore understood and agreed that if a claim is paid under this policy, the amount paid by insurer will be added back to the actual Gross Profit before calculating the return premium.
- The actual gross profit should be declared at the latest nine months after expiry of the policy.

**Note 1.**

**Turnover** is the money paid or payable to the proposer for goods sold and delivered and for services rendered in the course of the business at the premises to which the insurance applies.

**Note 2.**

**Specified working expenses** are those which are likely to reduce approximately in proportion to turnover whatever the extent of the interruption might be following any damage.

**Note that the specified working expenses are uninsured working expenses.**

The issuing of this form is not to be taken as an admission of liability by the Insurers.

**NB:** All questions must be answered in full. Dashes are not acceptable. Please use **BLOCK LETTERS** and tick where appropriate.
